College Teacher Says 'R's Show One's Origin

CINCINNATI. -- Americans from the Midwest, South and East tell where they are from, not by the way they mind their "p's" and "q's" but their "r's."

At least Miss Ruth Dowden, speech instructor at the University of Cincinnati, says she can spot the geographical origin of a person by the way he rolls off his "r's."

A midwesterner is a sure hit, she says. He pronounces all his "r's" alike.

An easterner or southerner gives the "r" a "fuggy-ee-and 'parry' becomes "apuhty." The speaker is pegged an easterner if he clips the "r" from "word sport. Miss Dowden explains, and a southerner if he drags it out.

But an easterner also adds "r's" where they aren't needed — like "idear" for "idea."

If it gets proper treatment, Miss Dowden says, the person will toss off the "r" in "idea" and "strong" one way and the "r" in "very" and "furry" another.

Gas Inflammable

All grades of gasoline are highly flammable and are dangerous unless properly handled. The octane ratings of gasoline, or whether or not it is "ethyl," do not have any important bearing on fire and explosion hazards. In some cases high-octane gasoline may actually be less volatile than ordinary gasoline, but not sufficient distinction in hazards to call for different precautions. Motor gasoline usually has lead compounds added to improve the octane rating or anti-knock qualities. These lead compounds have no effect upon the fire and explosion hazard but are poisonous, making it dangerous to use gasoline in any way in which persons may be directly exposed to the liquid.

Pilc Weighs Half a Ton Racing Into Sharp Turn

WASHINGTON — A train who weighs 1,000 pounds and has blood in it has a golden metal has been found. He is an ordinary airplane, plotmaking a turn at 300 miles an hour without losing control.

Th Smithsonian institution explained, in reporting this, that the sudden increase in weight occurred because of the change in the force of gravity as the turn was made.

A turn at 300 miles an hour and 1,000-foot radius produces six times the force of gravity, normally acting to the body according to explanation of Dr. Bryan H. C. Matthews, head f the RAF's psychological laboratory.

Uncle Sam Says

This lad in the coal mines near Wilkes Barre, Pa., buys a Saving Bond every month because he is going to be married. "I've seen plenty of sickness and layoffs in my time," says Joe. "I've $375.00 in War and Victory Bonds now. Ten years from now 25 bucks a month coming in Imagine what that will mean to Irma and me, and maybe a couple of kids, specially if these diggings should be shut up for a while."

Uncle Sam Says

Down in Broad Street and Nassau Street, New York, I talked with big finance men. They could buy big long term bonds but they buy Savings Bonds like Joe, the miner, and Hal, the bus driver. Wellington, New Zealand, Hilly, Windy Capital

Founded in 1839, Wellington has been the capital of New Zealand since 1864, when the territory had the status of a colony According to the latest estimates the city has a population of more than 160,000—second only to Auckland with its 225,-000 residents.

American travelers have described Wellington as being as windy as Chicago, as hilly as San Francisco, and as landlocked as Seattle in its location on the inner shore of a busy, deep-water harbor of 20,000 acres.

So hilly is the city's site that the residential section rises in terraces for 300 and 400 feet above the downtown area. Level land is so scarce that many home seekers have literally had to carve their homesites out of the steep slopes; and some business establishments stand on land reclaimed from the bay.

Reveal Trained Chutists Killed German 'Hangman'

WEISBADEN, GERMANY. — The 1942 assassination of Reinhard ("Hangman") Heydrich was carried out by specially trained Czech parachutists flown from Britain, according to an eyewitness of the killing. The three Czechs and four companions later committed suicide when the Gestapo surrounded them in a Prague church, the witness declared. A parachutist accused of revealing the church hideout to the Gestapo is reported under arrest in Prague.

DDT in Paint
By W. J. DRYDEN

A wall paint blended with DDT under a new process has proved an effective "insect control" as long as 16 months after a single application. This paint, "Superior 265," contains 200 milligrams of DDT for each square foot of painted surface and has proven effective against 132 varieties of insects.

Tests have shown that seven seconds contact, on DDT paint, for flies first paralyzes and then kills the insects in 30 minutes. The paint is harmless to humans, and is especially effective in milk houses as well as other farm buildings.

Superphosphate Needed

Five to six tons of animal manure reinforced with one-half bag of superphosphate per ton of manure produces as much increase in yield as does 10 to 12 tons per acre without the superphosphate.

The superphosphate can be scattered over the top of the load of manure before it goes to the field Or it can be applied in the barn or sheds. When used in barns or sheds it helps to keep down odors as well as reduce nitrogen loss

ELLIOTT - PAULETTE

Mr. and Mrs. P. O. Paulette, of Appomattox have announced the marriage of their daughter, Carolyn, to Glenn Elliott, son of Mr. and Mrs. S. C. Elliott, of Brookneal.

The double ring ceremony was performed by Rev. Cecil Carter at the parsonage of Evergreen Baptist Church Saturday evening at 8 o'clock.

The bride wore a rose suit with black accessories and a corsage of gardenias at the shoulder. She is a graduate of the Appomattox High School. The groom is a graduate of Brookneal High School, and was recently discharged from the Army after serving 33 months overseas.

Those present were Mr. and Mrs. Curtis Paulette, Mr. and Mrs. David Paulette, Misses Ora and Phyllis Paulette, Mrs. H.D. Baker and Miss Nedra Baker. They left immediately for a wedding trip.

HICKMAN - JOHNSTON

The wedding of Miss Mary Helen Johnston, daughter of Mr. and Mrs. A. M. Johnston of Appomattox, and William Albert Hickman, son of Mr. and Mrs. Thomas S Hickman of Decatur, Illinois, took place at 5:30 o'clock February 20, in First Methodist Church, Hampton. Rev. Herbert Landrum, pastor of the church, performed the double ring ceremony before a background of palms, baskets of white gladioli and candelabra.

Mrs. John Parkinson played the traditional bridal music. Then Mrs. Parkinson sang "I Love Thee and "O Perfect Love."

The bride was given in marriage by her uncle, Mr. L. E. Chouse, and wore a bridal gown of egg-shell satin fashioned with a marquisette yoke with fan shaped insets of lace, long sleeves pointed over the hands, a basque bodice and full skirt which ended in a peacock train. Her fingertip veil of illusion was arranged from a tiara of seed pearls and her only ornament was a single strand of pearls. She carried a arm bouquet of white calla lilies.

Miss June Johnston, sister of the bride, was maid or honor. She wore a gown of aqua net with full bell-shaped quarter sleeves, leaf-length skirt and carried a sheaf of yellow sweet pea tied with yellow satin ribbon and wore matching roses in her hair. Bridesmaids were Miss Betsy Anne Decatur, cousin of the bridegroom and Mrs. Charles Schnell of Hampton. Their dresses were identical to that of the maid of honor. They carried arm bouquets of mixed flowers, tied with yellow satin ribbon and wore fresh flowers in their hair.

Dave Maloney, of Farmville was Mr. Hickman's best man, and ushers were Reuben Peters, John Hornbuckle, Roger Anderson and Charles Powell, of Hampton.

Following the ceremony a reception was given at the home of Mr. and Mrs. Richard Jones, on Shenandoah Road, for the bridal party, members of the two families and out-of-town guests.

Both the bride's mother, Mrs. Johnston and Mrs. Hickman, mother of the groom were attired in black with shoulder corsages of white roses.

For traveling the bride wore a white wool suit with black accessories and her corsage was gardenias.

Upon their return from a northern wedding trip the couple will make their home in Hampton.
